The Houstonian Hotel, Juniper Ballroom, 2nd Floor
111 North Post Oak Lane • Houston, TX 77024
9:00am - 10:30 Panel Discussion

Featuring:

Moderator

– Guest Panelists –

Todd Caliva, FACHE

Virginia Kennedy, RN

Jeff Light, FACHE

Margaret Reiter, PhD

Carl Vartian, MD

Learn About:

- The most common types of healthcare facilities associated infections (HFAI)
- How HFAI can be significantly reduced
- The impact of the environment on infections in healthcare facilities
- Why the appropriate design of patient care areas can significantly influence the transmission of HFAI
- The financial impact of HFAI on healthcare organizations, including federal agencies
- Leadership behaviors that are an absolute must for a successful HFAI prevention program
